

Congratulations on Your New Companion!

Thank you for adopting a rescue pet! As you welcome your furry friend into your home, we want to make sure their future is protected—no matter what life brings.

## Introducing TrustedPetnup

TrustedPetnup is a free, legally binding agreement designed to protect pets if their owners' relationships change. Think of it as a “prenup” for pets—ensuring that your new family member always has a secure, loving home.

## Why It Matters

- Pets are family. Protect their well-being in advance.
- Avoid disputes or confusion about who cares for your pet.
- Rescue pets adopted through our organization qualify for free agreements.

## How It Works

1. Scan the QR code below with your phone.
2. Answer a few simple questions about your pet and your family situation.
